EXPERIENCE

CASHIER/CHECKOUT OPERATOR (CUSTOMER SERVICE)

St. Anthony's Food
August 2024 - Present

- I currently have a volunteer job at St. Anthony's Food, where I work as a Cashier/Checkout operator during the weekends. It's my responsibility to greet the customers and make them feel welcomed. I also handle transactions/cash register.
- Gained experience working in a fast-paced environment, as it does get hectic in the store. I was able to maintain smooth flow of operation during these times and also learned how to adapt to different situations.
