Auckland, New Zealand | 022 0873591 | Nikopeiris123@gmail.com

Personal Statement

I am open to exploring new job opportunities as they present valuable experiences across various industries. Embracing diverse roles enables me to expand my skill set, adapt to different environments, and contribute fresh perspectives to each position. I believe that a broad range of experiences enhances my capabilities and improves my adaptability, ultimately making me a more well-rounded and versatile team member.

Education

University Of Auckland

Auckland, New Zealand
2024 - Present

- **Engineering**

I have completed my first year of Engineering, with a focus on pursuing a career in Software Engineering. Throughout the year, I studied various subjects, including mechanics, statics, mathematical modeling, programming, and materials science.

Mount Albert Grammar School

Auckland, New Zealand

TECHNICAL SKILLS

- Autodesk Inventor (CAD)
- VS Code (C,C++,Python, etc)
- GitHub
- Godot (Game Engine)
- PyCharm (Python)
- Microsoft/Google Apps(Word, Docs, Powerpoint, Slides etc.)

PERSONAL SKILLS

Teamwork

I am always willing to support others, whether helping friends understand complex concepts or assisting my family with tasks around the house. I believe in fostering a collaborative environment and contributing positively to team efforts.

Self and Time Management

Highly organized and consistently punctual, I prioritize being early to appointments and deadlines, ensuring efficiency and preparedness in all my commitments.

Fast Learner

I quickly grasp new concepts and retain information effectively. I adapt easily to new technologies and applications, continuously open to learning and refining my skills to enhance performance.

Analytical Thinking and Problem-Solving

I approach challenges by devising multiple solutions and selecting the most effective one. In a recent project, I identified a solution that balanced efficiency with minimal computational demands, underscoring my capacity for strategic decision-making.

Adaptability

I am flexible and open to change, thriving in dynamic environments. I can adjust my approach based on new information or challenges, allowing me to handle unexpected situations effectively and stay productive under pressure.

Volunteer & Community Experience

Cashier/Checkout Operator (Customer Service)

August 2024 – Present | St. Anthony's Food

- Cashier/Checkout operator during the weekends at St Anthony's Food. Its my responsibility to greet the customers and make them feel welcomed. I also handle the transactions/cash register and also serve people with takeout/ dine-in food.

Gained experience working in a fast-paced environment, as it does get hectic in the store. i was able

- to maintain smooth flow of operation during these times and also learnt how to adapt to different situations.

REFEREES
